Wayne,

5102310086

I've attached my site map from our visit. A report will follow. I am rethinking the bonding based on the waste rock pile likely containing 100,000 cyds of material. LR2000 shows that the \$75,000 bond was assessed in 2012 with a 3-year escalation. A preliminary run through Sherpa puts reclamation costs at <\$100,000. This might be good incentive for Mr. Kofford to perform reclamation.

Area of disturbance is 9.98 acres, this does not include the reclaimed area.

Thoughts?

Todd
